

The Langleys

March 28, 2022

Dear Ricky, Ann, and Wade,

It is sort of sad that our beautiful new house is finished and we are now spending our time on moving in and arranging things. We miss the construction phase and the daily contacts with you and your subs. You already know that we are thrilled that Langley Homes built the place. We never considered a different builder!

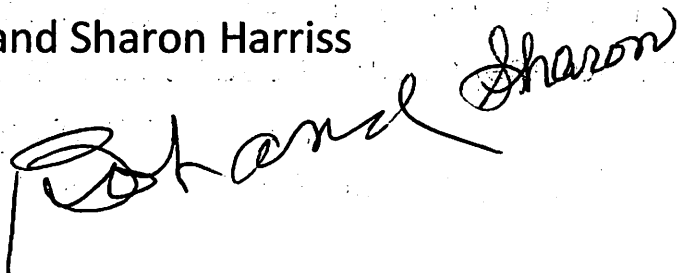

Now why would that be so? Well, we knew your reputation in advance and we watched construction of other Langley homes in the area. Also, you were very attentive on working with us on the plans and helping us decide not just what we wanted, but also what we needed.

There was one special thing I learned about the Langleys during the build. When we had a concern or issue, one of you (or a sub contractor) wasted no time on resolution. We never heard the word "can't".

Thank you for working with us in a patient manner. Adult babysitting must be a characteristic of a top notch builder. Please feel free to use us as a reference source.

Sincerely

Bob and Sharon Harriss
