Dear Langley Family:

Gordon and I are writing to thank you for the wonderful job that Langley Homes, each of you individually, and all your subcontractors did on the construction of our new (and very last) home.

This was, without a doubt, the most pain-free construction project that we have ever experienced. From the start of the project to the completion, you did everything you said you would do and it all occurred exactly when you said it would. That qualifies as a miracle in the world of home construction.

You were also incredibly accommodating in changing items as I decided that whatever idea I originally had was no longer a good idea.

The suggestions and recommendations that we received from all of you – Ricky, Ann, Wade and Nicole – were excellent ideas that produced a far superior result compared to anything we would have come up with on our own.

It was truly a pleasure to work with you all over the past six months and to get to know you as the wonderful people and true professionals that you all are.

If any of your prospective customers would like to speak with me, please feel free to provide them with my contact information.

Sincerely,

Sherry L. Brown
