

January 21, 2015

I have recently settled into my new home built by Langley Homes, and I am very pleased with everything. From the selection of the lot through the closing, the Langleys all worked closely with me to insure that I was involved and comfortable with the process, one which I had never experienced before. They are knowledgeable, professional, and personable.

Ricky did a wonderful job designing the exterior elevation and adjusting the interior spaces and walls to fit my needs. His eye for details and creative suggestions for things like closets and cabinets have made my home both beautiful and functional.

Wade made sure I was happy with all my selections, checking with me on every detail throughout. He followed up each step of the way making sure everything was done right.

Nicole offered good suggestions for colors, flooring, and tile. Her sense of what works well together helped create a very pleasing effect.

Ann is truly amazing! She kept me informed throughout the process with phone calls and emails. She answered my questions (sometimes more than once), explained clearly, and handled all the paperwork efficiently and expediently. Her patience and friendliness did so much to make the experience of building a house a very pleasant one.

I feel fortunate to have worked with this exceptional team. I am now living in a comfortable, beautiful, quality home of which I am very proud. Thank you, Langleys.

*Sincerely,  
Jackie Gunn*
